## PRESERVE MINNEAPOLIS

*Using Our Historic  
Resources To Build  
A Better Future*

The City of Minneapolis was selected by the federal government to participate in the U. S. Department of Housing and Urban Development (HUD) Empowerment Zone program. As part of the formative planning stages to this program, HUD, the State Historic Preservation Office, and the City of Minneapolis discussed a number of possibilities for addressing the city's and HUD's responsibilities under Section 106 of the National Historic Preservation Act of 1966.

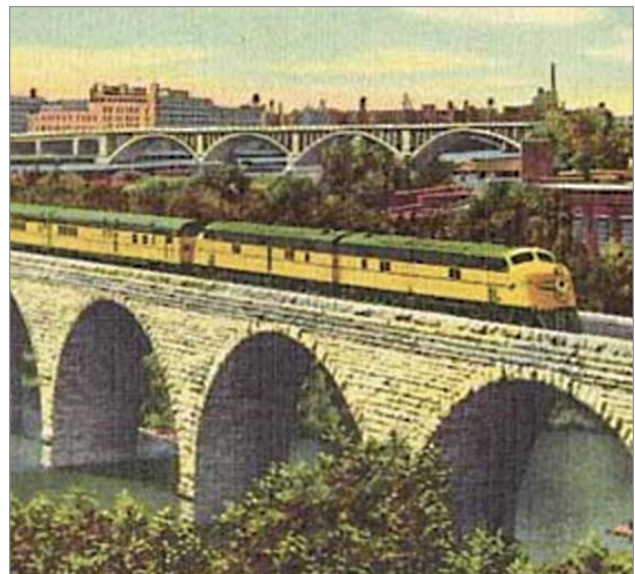

The 106 Group prepared a process form and designed a brochure entitled "Preserve Minneapolis" that has assisted project planners and developers in completing the Section 106 review process and has increased awareness of preservation concerns in the city. This work was part of a broader scope of consultation services provided to the Office of the Minneapolis Empowerment Zone regarding compliance with Section 106 and other historic preservation regulations.
